

Learning Circle - Kairos

Greek *Chronos* means sequential, chronological time; *Kairos* means an event, moment, opportunity. In the discipleship context, we think of a Kairos as a moment when God breaks into our lives--an opportunity to learn and grow

The circle shows us:

- what it means to have a lifestyle of learning as a disciple of Christ
- how to recognize important events as opportunities for growth-how to process/rationalize these events
